## DOMINION PRESIDENT ALEX WALKER GUEST OF HONOR AT HALL ANNIVERSARY

The Strathmore Branch of the Canadian Legion arranged an extremely interesting evening Tuesday to commemorate the 21st Anniversary of The Memorial Hall. The purpose of the evening was threefold.

(a) The address by Comrade Alex Walker, Dominion President, and the first official entertainment since the extensive renovation made during the summer.

(b) Co-operation with the F.V.V. Victory Loan.

(c) Traveling of the Honor Roll. The Memorial Hall, Strathmore, is more than "just a building." There is something intangible, but very real, which has sent roots deep into the heart of every Legion Member, creating a regard for the Hall, second only to that of his home. Hence the commemorating of the Twenty-first Anniversary was an event of no ordinary importance.

About one hundred and fifty partook of the delicious dinner served by Mr. and Mrs. Hanson.

Pres. C. E. Vay presided and following dinner called on Pres. Alex Walker to give an address.

President Walker impressed on all once with his earnest endeavor in striving to obtain better conditions for the Post-War World than prevailed during the War of 1914-18.

He has addressed Legion gatherings from Sioux City, Marie to San Jose, California, and everywhere had met with eager to establish better conditions.

He paid a very high tribute to Sec. W. S. Patterson, by saying that

from Coast to Coast of the Dominion he did not think a better or more faithful secretary could be found, a remark which received hearty applause from the local members.

Walker stated that the Post War World presents the greatest opportunity for happiness as the world has ever seen. That the view of the men and women now serving is to reconstruct the method of all work on a plane of legitimate activity. To do this we must reconstruct our own minds. We must strive for relief mentally to provide for human happiness.

To insure this, adequate steps must be taken in the economic structure. He supported the Four Freedoms, but said though we win the war, we will lose the peace, if we are unable to keep in gainful employment men and women, on a decent standard of living.

He told the several improvements the Legion has already received from the benefit of returned men. He said that in sometimes difficulty in facing the government, but they intend to keep on, in their endeavor to get further concessions for the benefit of the boys returning from this war.

He advocated the measure that all should remain a Federal responsibility for one year following the war until gainful employment is obtained.

He praised the Dry Canteen of the Legion and the University Courses now offered to Prisoners of War. He also mentioned the Insurance Plan which does not allow benefit to War Workers' serving in War Plants in Canada. This he considered unfair and has a meeting arranged for Nov. 11 to appeal to the Government to have this revised.

The concert in the Main Hall comprised some telling pictures supporting the Victory Loan Campaign, under the Supervision of Mr. Speers, Unit Organizer for the district of Calgary with Sgt. Major Nixon assisting.

The Desert Victory was a very vivid portrayal of the work of the troops from Egypt to the hoisting of the Union Jack at Tunis, when Rommel and his forces were forced to surrender in North Africa. As one Veteran stated, the pictures were without camouflage.

Mrs. Boese always a welcome guest to Strathmore, accompanied Mrs. Wright of Calgary in four very well rendered solos, and Mr. Patrick, in humorous songs rendered in his own inimitable manner, the audience insisting on an encore.

Pres. Vay called on Pres. Walker to unveil the Honor Roll, which bears the names of approximately 180 Strathmore enlistments. The artistic printing of these names is the work of Mr. W. S. Patterson, who has also been the means of supplying some 10 or 12 Honor Rolls to various Halls of the district.

God Save the King was sung after which an informal dance was held, music supplied by Roy Downey's orchestra.

## Milk for Britain Fund

—RECEIVING AND GIVING—  
This year when the boys and girls go from door to door to sing their songs and collect Halloween Apples, many of them will have a second bag or box in which to put tickets for the Milk for Britain Fund.

Sponsored by the Lions Club a drive for the Milk for Britain Fund is being put on in Strathmore. Tickets are on sale at the two General Stores and the two Drug Stores. Housewives and business men are buying these tickets which will be collected by those boys and girls who feel sorry for the children of Britain, who cannot get milk as easily nor as cheaply as the children of Strathmore. So, parents, have your tickets ready when the children call.

Buy \$1, \$2, or \$3 worth of tickets. A prize is awarded to the boy or girl who collects the largest number of tickets.

Said the Sgt. to the Pte. — "Wipe that opinion off your face."

## War Bonds

"THE SUN DIAL" by H. I. Phillips  
from New York Sun, Sept 20, 1943.

I'm buying a bond for a freckled kid  
Who lived down the street a way —  
A boy with a dog just a while ago —  
A name on a list today! . . .  
I'm buying a bond for a barefoot lad  
Who only a short time back,  
Was romping the fields of the old  
home town,  
But died in a far attack!

I'm coming across in the memory  
Of youngsters who left the town  
With laughter and jokes and their  
heads held high.

To take on the scrappers' frown;  
The kids who were down in the swim-  
in' hole,  
Or played in the High School show  
The boys who'd be out on the sand-  
lots now . . . .  
Except that it can't be so!

I'm signing for all I can take aboard;  
I thought I had done my share  
Until in the home town sheet today,  
I saw "Johnny Adams" there;  
He'd brought me my papers every  
night,  
A child on a bike bright red;  
He's riding the path to the house  
right now  
I thought . . . but the lad is dead!

I've read all the ads in the War Bond  
drive,  
The work of the writers slick;  
But, God, when I think that it takes  
that stuff  
It leaves me a little sick;  
The picture of boys on a village green  
Or trooping across the mead  
Who now lie under a cross-filled field  
is all that we ought to need.

I listen to speeches o'er miles galore  
That tell of the War Bond drive,  
But all I hear is the cannon's roar —  
The whine of a power-diver;

The speeches, the music, the ballyhoo  
All leave me a little cold . . .  
For I know a boy who just died for me  
And couldn't be quite that old!

A duty? A noble and handsome act  
This taking of War Bonds? Bunk!  
Since when was investment on sure  
things  
A sacrifice? Scrap such junk! . . .  
I'm doing a painless and little thing;  
One sales point alone rings true;  
My debt to those lads from the old  
home town —

Who, asked for their lives, came  
through!

—The Budget.

Action is the word today! The boys overseas are giving us plenty of it as they smash to attack on land, sea and air. Let's give them action in return; action they'll appreciate; autographs on 5th Victory Loan applications. That'll tell 'em where we stand, how anxious we are to speed the Victory and bring them home again. They're surging for-

ward on every front. Spur them on with the added momentum of overwhelming power. Speed the collapse of the Axis beneath an irresistible weight of tanks, guns, ships and planes bought with our money. That's what our fighters want. That's what your signature on a Victory Bond application means.

### Rising Generation Inspire Hope for Improved World Conditions

TALK to the youth of today and on an average seven out of ten will favor broader world relationship than inspired their parents at their age.

It is a hopeful sign that those same parents are in many cases revising their ideas and are looking on conditions with a broader outlook than they held twenty-five years ago. That this condition prevails, not only in Canada, but is shared by our cousins across the border-line is evidenced in these paragraphs taken from the Cleveland Plain Dealer of Oct. 4, when High School Students Debate Peace Terms. (We reserve the negative for a future issue.)

"To make the future peace an everlasting one, we must have a four-power alliance—the United States, England, Russia and China." . . .

Sixteen-year-old Ruth Hartley took the affirmative. "Can an Anglo-American Alliance prevent World War 3? Speakers for the negative were Barbara Peresta, 17, and Joyce Beckner, 16.

Reviewing England's history as a bulwark between the United States and danger from other foreign powers Ruth declared that she would rather give up a little of our independence in the interest of peace and prosperity

than be gloriously isolated at a tremendous cost in blood and treasures."

She pooh-poohed the supposition that the United States might become imperialistic and want to conquer new territory under such an arrangement.

"People who believe in democracy would not wish to subject other people to their rule," she told her audience.

"We already have co-operated with England in the Atlantic Charter. Both England and the United States have declared that they want free access to raw materials for both the victor and the vanquished, after the war."

Joyce, advocate of a four-power alliance, declared that Russia's power is needed in Europe and in the Near East, China's in the Far East and England's "on the spot" in Europe.

"I believe that eventually we should have an association of all nations with imperialism outlawed," she said.

She blasted Governor Bricker's "preposterous statement" advocating "co-operation but no commitments."

"Did Gov. Bricker ever hear of the airplane?" Joyce asked her audience.

"If we follow him, we will be straddling the fence. I have no desire to keep our splendid isolation, if its price is a war every 25 years."

An open forum followed the formal debate, of West High's social studies department.

### BUY WAR BONDS

**WE MUST WIN** this war. To do so we must give our men the tools, and plenty of them in order that the loss of life shall be as small as possible and the Victory won as quickly as possible. Read of their suffering, and living conditions, then be ashamed to talk of the sacrifice of buying Victory Loan Bonds.

There will be no time to talk of complacency if we should lose the war. But we are going to win, and to that end we must buy Victory Loan Bonds.

### ARDENODE

— BY H. M. A. —

Mrs. Charlie Coles entertained some friends for afternoon tea Wednesday.

Mr. Robert Campbell had a pleasant surprise over the week-end when his sister and her husband, Mr. and Mrs. J. A. Elliott, from Wellington, Ontario called upon him for a short visit. He hadn't seen her for 23 years and they had lots to say to each other, as one could imagine.

The local bridge party was held Sunday evening at the home of Mr. and Mrs. Eric Olson.

Miss Glays James has returned for a short time, owing to her school being under repair. She will teach Bren Mawr School to relieve their teacher, who is ill.

Mrs. T. J. Koch would like to say thanks very much to her many kind friends for the beautiful flowers, also the lovely cards she received while in the hospital. She is making a very satisfactory recovery and we wish her the very best of luck.

Mr. and Mrs. Howard Andrews spent Saturday in Calgary.

Mrs. Eric Olson was a Calgary visitor Tuesday.

NATIONAL

SELECTIVE

SERVICE

# A WORD OF CAUTION

## TO MEN OF MILITARY AGE AND TO THEIR EMPLOYERS

National Selective Service Civilian Regulations authorize the Minister of Labour to require that male employees furnish their employers with evidence that they have not failed to comply with National Selective Service Mobilization Regulations (i.e., the Military Call-Up).

It is intended that an order will be issued shortly, requiring employers to carry out the necessary check on their male employees, and to report any men who do not produce the required evidence of compliance.

The check up will cover every male employee who has reached the age of 18 years and six months and has not reached his 38th birthday. The man will have to show evidence in one of the following forms:—

- (a) A man discharged from the Armed Forces following service during the present war should have his discharge certificate. A discharged man who has not a certificate should apply for one in the following manner:—

Army—District Officer Commanding, Military District in which discharge took place.

Air—Records Office, R.C.A.F. Headquarters, No. 5 Temporary Building, Ottawa, Ont.

Navy—Secretary of Naval Board, Ottawa, Ont.

- (b) A man who has responded to a direction from a Registrar of a Divisional Mobilization Board, to report for medical examination under Mobilization Regulations, should have either a certificate of unfitness or an order for postponement of military training from the Divisional Registrar. (A man entitled to either document who has lost his copies should immediately apply to the Divisional Registrar who issued the original, for a duplicate.)

- (c) A man who has been rejected on application for voluntary enlistment in the Army since the beginning of the war, should have a certificate showing that he was rejected through medical unfitness. (If a man entitled to such a certificate does not possess it, he should apply to the District Military Headquarters of the District in which he applied for enlistment, in order to procure the necessary form.)

- (d) A man in the designated classes who has not reached his 38th birthday, who was married as at July 15th, 1940, or who,

having been married before that date, is a widower with children, must be prepared to furnish evidence, such as a marriage certificate or birth certificate of a child, to show that he was married before July 15th, 1940, and that he is now either married or is a widower with children.

- (e) A man who has reported for enrolment in the Army under an Order—Military Training issued under the Mobilization Regulations and who has been rejected should have a certificate showing he was rejected through medical unfitness. If a man entitled to such certificate does not possess it, he should apply to the District Officer Commanding the Military District in which he was rejected.

- (f) (i) A man who is not subject to the Mobilization Regulations because he is an enemy alien who has not made application for naturalization may obtain a certificate from a registrar of his Divisional Mobilization Board indicating that the Mobilization Regulations do not apply to him and such certificates must be obtained by all such enemy aliens.

(ii) A man who is an alien and neither a national of Belgium, Czechoslovakia, The Netherlands, Norway, Poland, the United States nor Yugoslavia and has not applied for naturalization may be relieved of his duty under Mobilization Regulations, but he gives up his right to future Canadian citizenship after the war; where such men have applied for such relief and been granted such status, certificates will be issued by registrars in appropriate cases.

**This caution is issued to facilitate compliance with the order which is proposed. A reasonable interval will be allowed to permit men to provide themselves with whatever document, as referred to above, they may be entitled to hold.**

*Employers are requested to give notice of this proposal to their male employees, to facilitate the operation of the order when issued.*

## Country Editor Sees Ottawa

Only a couple of local color items from the nation's capital this week. One concerns the fact that a local liaison officers' meeting (for the Consumer Branch, Wartime Prices and

Trade Board, like you have in your own town) the ladies sent in a resolution to the Prices Board asking that boys' pants be manufactured with double seats; and that certainly sounds like an economy idea, because boys don't wear 'em out on the cuffs.

The R. C. A. F. is quite disturbed about some farmers, hunters and sun-toting youngsters taking pot shots at racing pigeons in flight. Please think twice before doing it again. They are either on the fly carrying messages, photographs, etc., for the armed services or being trained by civilian pigeon fanciers for a war job. Right now the R. C. A. F. Signals (Pigeon Division) is out to recruit 1,000 new birds. Incidentally, since April, it is against the law to keep or fly pigeons without authority.

A little barn talk—How to figure number of tons of hay in a mow, just multiply the length by depth and divide by 450.

Cash income from the sales of farm products in Canada for the first six months of 1940 rocketed up to over \$538 millions as against \$248 millions in the same period of 1942, and \$356 millions in 1941. This increase was common in all provinces except Ontario, with the Prairie Provinces tops because of the sale of 1942 grains. Greatest percentage was shown in the marketings of oats and barley. Hogs hit \$106 millions, dairy products \$110 millions.

Coal miners on R. C. A. F. ground crews can get leave without pay to work in the coal mines until March 31.

EVELYN PASEN

It has been announced that Evelyn Pasen, eighteen-year-old Toronto mezzo-soprano, has been granted a fellowship to study with the Juilliard Graduate School, of New York. Hence, another young Canadian leaves for New York to begin the road to concert stardom, and perhaps operatic fame. She expects to spend the Christmas vacation with her family in Toronto, and on that occasion hopes to make a network appearance from the CBC studios, where she gained national prominence a few months ago.

## HALLOWE'EN

We appeal to the boys and girls of Strathmore and district to refrain from foolish pranks and any destruction of property on Halloween. No one objects to the youth of varying ages dressing up in weird costumes and making their door to door calls in the hope of getting something for their bags, though in these days of rationing the bag may be lighter, but in these war times it is a doubly serious offence to damage property, and it is wrong both morally as well as being a criminal offence. We therefore appeal to parents and to the young people to see that there is no mischief done this Halloween.

Signed, James Gannon,  
Mayor of Strathmore

## FARMERS AND FARM WORKERS

If Your Farm Work has Slackened  
for the Winter, You Are Needed  
Elsewhere in Essential Employment

Highly essential work—very important in Canada's war effort and for the welfare of the Nation—is threatened with shortages of workers. One of the few sources of men available for other high priority jobs is those men on the farm who will not be needed at home during the Fall and Winter. Heavy needs must be met in many lines—producing vitally essential forest products; in base metal and coal mining, in food processing, in railway track maintenance. If you live on a farm and are not needed at home during the Fall and Winter, you are urged to answer this national appeal.

Farmers engaged in essential work during the off season will be allowed to return home when needed. Also, those on postponement under Mobilization Regulations will continue on postponement while in approved essential work during the slack season on the farm.

Please answer this vital call NOW.

# Friend of Alberta Farmers Recommends Victory Bonds to you...

DR. R. D. SINCLAIR has combined practical and academic knowledge of agriculture in a unique degree. Born on a farm near Innisfail, Alberta, he was one of the early students of the School of Agriculture at Olds, and was a member of the first class to graduate from the College of Agriculture at the University of Alberta in 1918.

After spending some time in editorial work with a well known farm magazine, Dr. Sinclair joined the staff of the Department of Animal Husbandry of the University in 1922. He obtained his Master of Science degree at Iowa State College and later went to Aberdeen, Scotland to secure his Ph.D.

Dr. Sinclair was appointed Dean of the University's Faculty of Agriculture in 1942. He is recognized as Canada's outstanding authority on swine production and is known personally to thousands of Alberta Farmers.

Dr. Sinclair urges farmers to buy Victory Bonds. He says:

"During the past four years of war the products of Alberta farms have made a substantial contribution to the food supply of the United Nations. But the need for weapons of war as well as food is still supremely urgent; one without the other will not finish the job.

"The Fifth Canadian Victory Loan provides further opportunity to make a financial investment in the war effort. The Bonds bought now will help to hold the farm lands of Alberta for Alberta farmers and, at the same time, provide the reserve capital which can be used for improvements when victory comes.

"As one born and raised on an Alberta farm, I appeal to the farmers of the Province to buy Bonds of the new Victory Loan to the limit of their financial resources."
